Description
The sea is only a short walk away from this large field in Kato Pyrgos, where village life and the coast sit side by side. Imagine settling into a home of your own here, with the shore close enough to reach on foot whenever the mood takes you.

The land is zoned for residential use, with room for a home of up to two floors, and it has direct road access. Around it, open, undeveloped parcels sit alongside several residential developments, giving a settled residential setting that still feels open.

Daily life is easy to arrange. The village centre, with its shops, supermarkets, cafés and restaurants, is a short drive away, so errands and evenings out never take long.

The sea close by, a village around you and room to build a home of your own: an uncomplicated piece of land that is well worth a visit.
