**Description**
A short drive from the Troodos National Forest Park, this large field in Kakopetria offers 7,253 m² of land in a residential zone. Around it lie farmland, undeveloped parcels and a few homes, so the setting blends open ground with the life of a mountain village.

The residential zoning gives room for a home of up to two floors, with generous land around it to shape as you wish. Picture days spent in the forest park, then evenings at the restaurants and cafés of the village centre, which is also a short drive away. Having the forest and the village both within easy reach is what gives this land its appeal.

The land has no direct road access.

With forest country and a mountain village around it, this sizeable field offers the chance to plan a home of your own in Kakopetria, and it is well worth a visit.
