Description
Just outside the village of Lysos in the Paphos district, this large field of 6,355 m² offers generous room to imagine a home with village life close at hand. The surrounding area combines a few residential homes with undeveloped parcels, so the setting keeps an open, uncrowded character.

The land is zoned for residential use, with room for a home of up to two floors. It has direct road access along one boundary, which makes it easy to picture the first steps of turning a plan into a place to live.

The village centre of Lysos is a short drive away for everyday errands and a coffee. When the day calls for open air, the natural surroundings of Argaka are within a drive.

With its size, its residential zoning and the village nearby, this field gives a home the space to take shape in the Paphos countryside.
