

For Sale, Land, Field, Nicosia, Pera

Fields and open, undeveloped land set the scene around this...

For Sale : **€ 208,000**

Description
Fields and open, undeveloped land set the scene around this residential plot near Pera. The village centre is a short drive away, yet the setting is shaped by farmland rather than buildings, offering an escape from the pace of city life.

At 4,348 m², the land is a sizeable canvas, and it has a long frontage on a registered road, giving it direct road access. It lies within a residential zone, with room for a home of up to two floors.

Picture weekends that follow the gentle rhythm of village life, with Tamasos Lake a short drive away for unhurried hours by the water, and everyday errands handled in the village centre.

An honest piece of residential land, appreciated for what it truly offers: space, road access and a countryside setting close to Pera.
