For Sale : **€ 197,000**

Description
On the residential edge of Kokkinotrimithia, a sizeable field of 2,693 m² offers the chance to shape a home around your own plans. Schools are within walking distance, and the village centre, with its shops, cafés and everyday bustle, is only a short drive away.

The land lies in a residential zone, where a home of up to two floors may be built, and it has direct road access along one side. Around it, existing homes sit beside open plots, giving the area a settled, residential character.

Picture a house of your own design rising here, with the school run made on foot and village life close at hand. For daily trips further afield, motorway junctions are within easy reach.

Generous land, a residential setting and the comfort of a village close by make this a place where a new home can truly take root.
