For Sale : **€ 195,000**

Description
Among farmland and undeveloped parcels in the Apostolos Loukas area of Aradippou, this agricultural field covers 33,374 m². The town centre and the neighbouring villages of Avdellero and Koshi are a short drive away. The land is zoned for agricultural use, which suits farming and planting, in a setting shaped by working land rather than dense development. The land has no direct road access. It is a sizeable piece of agricultural land in the Aradippou countryside.
