Description
In Agia Paraskevi, a quarter of Germasogeia, this field of 5,017 m² lies among residential developments and undeveloped parcels, a short drive from the town centre. It is irregular in shape, and its ground slopes unevenly.

The land has two uses: part of it is zoned for farming, and part for residential use, where a home of up to two floors may be built. The field has no direct road access. The villages of Mouttagiaka and Agios Athanasios are also a short drive away.

A sloping field in Germasogeia that combines farmland with residential zoning.
