Description
In the Marathounta countryside, a short drive from the village centre and from neighbouring Konia and Armou, this agricultural field covers 15,720 m² of open land. Its shape is irregular and its ground slopes, with different levels across the plot. Other unused parcels of land lie around it. The agricultural zoning suits farming or planting. The land has no direct road access. It is a sizeable stretch of sloping farmland within the Marathounta area of Paphos.
