Description
Just a short distance from the centre of Tseri, this residential field offers a generous setting for a family home, close to the everyday rhythm of village life.

Covering 2,202 m², the land lies in a residential zone, with room for a home of up to two floors. A long frontage along one border gives it direct road access, keeping daily comings and goings simple. Around it, homes sit alongside undeveloped plots, giving the area a settled residential character.

Picture mornings that begin with a short trip into the village and evenings at home on your own sizeable piece of Tseri. Lakatameia is a short drive away, and the heritage site of Tamassos is within a drive for an unhurried weekend outing.

A large residential plot close to the heart of the village, and well worth a closer look.
