For Sale : **€ 188,000**

Description
In the Panagia Evangelistria quarter of Dali, homes stand alongside open parcels of land. Here, a sizeable residential field offers the chance to shape a home of your own in a settled corner of the municipality.

The land covers 2,695 m² and fronts a public road, so it has direct road access. Its residential zoning allows room for a home of up to two floors, with ample ground to plan the layout, the approach and the outdoor space just as you picture them. It is a blank canvas in a setting that is already lived in, with neighbours close by.

Everyday life sits within easy reach. The town centre is a short drive away, and so is the ancient site of Idalion, a reminder of the history woven into this part of the Nicosia district.

A generous residential plot in Dali, with the room and the road access to bring a new home to life.
