For Sale : **€ 165,000**

Description
Just a short walk from the centre of Sia, this field sits where village life meets open land. Homes and undeveloped parcels share the neighbourhood around it, which gives the area a settled residential feel with room still to breathe. The field is large, at 9,031 m², and lies in a residential zone, with room for a home of up to two floors. It fronts a registered road, so it has direct road access. Picture a home here, with the village centre close enough to reach on foot and the neighbouring villages of Mosfiloti and Kornos a short drive away. The wider area has easy access to the Nicosia–Limassol motorway, so both cities stay within reach while daily life keeps its village pace. The sale is for a 1/2 share of the field, and no distribution agreement is in place. Here is a setting for a home near the heart of a Cypriot village, with everyday life just down the lane.
