Description
In Avgorou, where homes and farmland sit side by side, two adjoining fields come together as one sizeable holding of 4,351 m². Parks and green spaces lie within walking distance, and the village centre, with its cafés, restaurants and everyday services, is a short drive away.

The land sits in a residential zone and has direct road access along one boundary, so the approach is simple from the very first visit. Together, the two fields offer room for a home of up to two floors, with plenty of land around it to plan as you wish.

Imagine shaping a home here, close to the rhythm of Avgorou's village life, with Xylofagou and Liopetri within a drive for a wider choice of shops and schools. The surroundings mix residential homes with open agricultural land, giving the area a settled yet open character.

A large piece of Avgorou, with the village close at hand and a residential future to shape.
