Description
A short drive from the heart of Tseri, among open parcels and scattered homes, this residential field offers the chance to shape a home of your own in a relaxed village setting. With 2,778 m² to work with, there is a generous canvas to plan around, and the land fronts a registered road, giving it direct road access.

The land lies in a residential zone, where a home of up to two floors may be built. Picture deciding where the house will sit, how it meets the plot and how much open ground to keep around it for long Mediterranean evenings outdoors.

Daily life stays within easy reach. Restaurants and cafés are a short drive away, and so is neighbouring Lakatameia, with its schools, shops and services. For a weekend outing, the heritage site of Tamassos is a drive away.

A sizeable plot with room for a home, set in the open landscape around Tseri, where a new chapter could take shape.
