Close to the centre of Agia Varvara, this field of 2,342 m²...

For Sale : **€ 158,000**

Description
Close to the centre of Agia Varvara, this field of 2,342 m² lies within a residential zone, among homes and undeveloped parcels of land that give the area its settled, village character.

Its residential zoning offers room for a home of up to two floors. The plot is sizeable, with land to spare around the house to shape to your own plans. The land has no direct road access.

Everyday life stays within easy reach. Schools, supermarkets and local shops are within walking distance, so the school run and the daily shopping can be done on foot. The neighbouring village of Kotsiatis is a short drive away.

A plot in a residential corner of Agia Varvara, with room to create a home of your own close to all that the village offers.
