For Sale : **€ 160,000**

Description
Set within Palaiometocho, with the neighbouring village of Agioi Trimithias close by, this level field offers a calm starting point for a future home. Around it, houses sit alongside open, undeveloped parcels, giving the land a residential setting with a sense of space.

The ground is flat and even, a neat rectangle of 3,665 m² that is easy to read and to plan around. Its residential zoning gives room for a home of up to two floors, and water, electricity and telecommunications can be brought to the land. The field has no direct road access.

Everyday life stays close at hand, with schools and shops a short drive away. It is a place to imagine a family home taking shape over time, with the rhythm of village life all around it.

A sizeable, level piece of residential land in Palaiometocho, with space to shape a home of your own.
