For Sale : **€ 155,000**

Description
In Archangelos Anthoupoli, a residential corner of Lakatameia, this plot sits right beside local schools. Supermarkets, shops and green parks are all within walking distance. Residential developments surround it, with a few undeveloped parcels still among them, so the neighbourhood already feels settled and lived-in.

The land covers 809 m², with a regular shape and a sloping surface. It fronts the road, giving it direct road access, and a footpath runs along one of its borders. Water, electricity and telecommunication services are all in place.

The residential zoning means room for a home, and the area allows a design of up to two floors. Picture family life here, where the walk to school is simply next door and the shops and parks are an easy stroll away rather than a drive across town.

A well-shaped piece of land in a residential part of Lakatameia, with everyday life close at hand and waiting for the home you have in mind.
