For Sale : **€ 155,000**

Description
Within walking distance of the heritage site of Tamassos, this field in Politiko places you close to the heart of the village. Homes and open parcels of land share the neighbourhood, and the village centre is only a short drive away, so daily life and village character sit side by side.

The land lies in a residential zone, giving room for a home of up to two floors. The whole field extends to 5,686 m² and has direct road access, a practical start for planning a home here.

Picture settling into a home of your own in Politiko, with an easy stroll taking you from your own ground to the heritage site of Tamassos. It is a setting where village life and a link to the past are never far from your doorstep.

A distribution agreement is in place. The sale is of a 1/2 share of the field. What stays with you is the place itself: residential land in Politiko, with Tamassos close enough to reach on foot.
