For Sale : **€ 155,000**

Description
Lythrodontas sets the scene here: a Nicosia village whose centre, cafés and shops are a short drive away, with neighbouring Mathiatis just as close and the ancient site of Tamassos a drive further for a slow weekend afternoon among its history.

Two adjoining fields together form 6,021 m² of land zoned for residential use. Homes already stand in the surrounding area alongside parcels that are still undeveloped, which gives the setting a settled, residential character. Homes of up to two floors may be built across the land.

The size of the land leaves generous room for a home planned around its setting, with the everyday rhythm of village life close by. The land has no direct road access.

A large stretch of residential land on the doorstep of Lythrodontas, offering a home in a village with its own story and a landscape shaped by the Nicosia countryside.
