Description

Build the foundation of your future with this premier commercial development opportunity consisting of a generous 920 sqm plot in the heart of Engomi. This asset represents a strategic acquisition for those looking to maximize floor area and capitalize on the high demand for modern business premises in one of Nicosia's most vibrant commercial districts. The property offers the perfect starting point for a professional complex or mixed-use project designed to meet the needs of the capital's growing business and retail sectors.

High-Yield Development and Strategic Acquisition

Falling within the Eß3 commercial zone, this property is a premium choice for high-yield development and strategic investment. With a substantial building density coefficient of 160% and a coverage factor of 50%, the land offers exceptional potential for the construction of a multi-storey project. These high-density specifications allow for a building of up to 6 floors and 24 metres in height, making it ideal for maximizing return on investment and creating contemporary workspace environments that cater to the professional and corporate sectors of the surrounding area. Securing a plot with such favorable building factors in a central municipality ensures that your development remains a high-value asset for 3 decades of experience.
