Description
Close to the heart of Tsada, this residential field sits among scattered homes and open parcels, in a Paphos village with a strong local character. Cafés, restaurants and green spaces lie within walking distance, so a morning coffee or an evening stroll can easily become part of everyday life.

The land covers 2,583 m² in a regular shape, with a sloping surface, and has direct road access along a public road. Water, electricity and telecommunications can be connected, which keeps planning a home uncomplicated.

The residential zoning gives room for a home of up to two floors, one that could be designed around the slope of the land. Life here would follow the easy pace of a village, with the centre close by and neighbouring Kallepeia a short drive away.

A sizeable plot on the edge of village life, where a home in Tsada could take shape.
