Description

High-Value Living and Long-Term Investment

This residential plot in Lythrodontas offers a rare opportunity to secure a high-value footprint in one of the Nicosia district's most sought-after suburban retreats. Falling within the H2 planning zone, the property provides a balanced building density of 90% and a 50% coverage factor, making it an ideal foundation for a spacious two-storey private residence or a bespoke small-scale housing project reaching 8.3 meters in height. In March 2026, Lythrodontas has seen a significant surge in interest from families and professionals seeking a wellness-focused lifestyle, as the village sits just 28 minutes from the capital's administrative core while offering immediate access to the pristine nature of the Machairas foothills. The local real estate market in 2026 is characterized by steady domestic demand, bolstered by the historic tax overhaul on January 1st which included the full abolition of stamp duty and the doubling of the Capital Gains Tax exemption for primary residences to 150,000 euro. For those looking to build a custom home that balances modern accessibility with the tranquility of the Cypriot countryside, this plot represents a secure and appreciating asset, a standard of smart investment we have guided for 3 decades of experience.
