For Sale : **€ 132,000**

Description
Set among forest land and open countryside outside Sia village in the Nicosia district, this sloping agricultural field covers 15,305 m². Its irregular outline follows the lie of the land. The surroundings are mostly undeveloped parcels and woodland, with a few scattered homes. The village centre and neighbouring Mathiatis are a short drive away.

The land is zoned for agricultural use, and electricity, water and telecommunication could potentially be connected. The land has no direct road access. The sale is a 22/25 share of the field. It is a large stretch of sloping farmland in the rural landscape around Sia.
