**Description**
Family Living and Long-term Investment

The Foundation of Your Future. This residential plot in the prestigious GSP area represents an exceptional opportunity for those seeking to build a custom family home in one of Nicosia's most elite and rapidly appreciating suburban districts. Falling within the Ka8 planning zone, the property offers a building density of 60% and a 35% coverage factor, providing a balanced canvas for a spacious two-story private residence that prioritizes both interior luxury and garden privacy. In March 2026, the Nicosia residential market is experiencing a significant value surge following the landmark January 1st tax reform, which fully abolished stamp duty on all new property contracts and removed the Special Defence Contribution on rental income, drastically improving the net value of land acquisitions. Furthermore, the 2026 market is characterized by a strong shift toward high-quality suburban living, supported by the government's 6th Edition of the Housing Scheme for the Revitalization of Mountainous, Near the Buffer Zone and Disadvantaged Areas, which launched on March 2, 2026, offering combined grants for primary residences. The plot's placement within a high-demand neighborhood ensures a secure and appreciating investment, a standard of smart investment we have guided for 3 decades of experience.

Building Density 60%
Cover Factor 35%
Town Planning Zone Residential (Zone Ka8)
Maximum Floors 2
Maximum Height 10 meters
Proximity Landmarks Located in the immediate vicinity of the GSP Stadium and the Senior School. The plot benefits from its proximity to the newly redeveloped old GSP stadium site in the city center, which as of March 23, 2026, is progressing as a transformed multifunctional urban park. Additionally, it offers rapid access to the A1 motorway and the newly operational Ippokratous-Argyroupoleos-Tseriou road network, which reached full delivery this month, providing a vital four-lane link to the Nicosia Mall and the capital's commercial heart.

Strategic Location and Urban Connectivity

The value of this property lies in its placement within a core residential enclave, offering a balanced lifestyle that is perfectly connected to the administrative and commercial heart of the capital via the expanded highway network and the ongoing Phase B3 Nicosia Ring Road enhancements.
