Description
Close to the heart of Fyti, with cafés and restaurants within walking distance, this residential field brings everyday village life within easy reach. It is an inviting place to picture a home of your own in the Paphos countryside.

The land is large, at 3,679 m², with a regular shape and an even surface, and it has direct road access along one border. Water, electricity and telecommunications can be connected. Around it, a few homes sit among undeveloped parcels, giving the area a settled, residential feel.

The residential zoning leaves room for a home of up to two floors. Picture mornings that begin with a stroll into the village for coffee, and weekends spent at Kannaviou Reservoir, a short drive away.

Level, well-shaped land a short walk from the village centre, with room for a home that is built your way.
