

For Sale, Land, Field, Nicosia, Lythrodontas

On the outskirts of Lythrodontas, farmland and
open parcels...

For Sale : **€ 130,000**

Description
On the outskirts of Lythrodontas, farmland and open parcels mix with a scattering of homes. This sizeable field gives you room to breathe and room to build. The village centre is a short drive away, and so is neighbouring Mathiatis, so everyday life stays close at hand.

At 5,222 m², the land is large and flat, with an irregular outline and direct road access along one border. It sits in a residential zone, which allows a home of up to two floors, and it can be served by water, electricity and telecommunications.

Picture shaping a house from the ground up on level land, with open fields around you and the village only a few minutes away. This is a chance to plan a home on your own terms, in unpretentious village surroundings away from the pace of the city.

Generous, flat and reached directly by road, this is land with a village setting all around it.
