For Sale : **€ 130,000**

Description
Two adjoining fields just outside the village of Kokkinotrimithia, with neighbouring Paliometocho close by, together make up 3,968 m² of agricultural land in the Nicosia district. Homes and undeveloped parcels make up the area around them.

The land is zoned for agricultural use, which makes it suited to farming or planting. The land has no direct road access. Lying side by side, the two parcels form a single, continuous block of farmland.
