For Sale : **€ 129,000**

Description
Just inland from the sea, a short way outside the village of Pigenia, this large field of 10,703 m² sits among farmland and open, undeveloped parcels. It is a countryside setting, where the village centre lies a short drive away and the Gialia Monastery is within a drive for an afternoon out.

The land falls within a residential zone, which gives room for a home of up to two floors. With so much ground, a future house could sit well within its own surroundings, framed by the fields around it. The field has no direct road access.

For anyone drawn to village life in Nicosia's countryside with the sea not far off, this is an honest, open piece of land. Neighbouring villages such as Pano Pyrgos and Agios Theodoros Tillirias are also a short drive away, adding to the sense of a connected rural area.

A sizeable residential field, set in the farmland around Pigenia, with the sea just beyond.
