outside Agrokipia...

For Sale : **€ 125,000**

Description
Set among farmland and undeveloped parcels outside Agrokipia village, this field holds two uses. Part of the land is in a residential zone, with room for a home of up to two floors, and part is agricultural land for farming or planting. Access is by a right of way over neighbouring parcels that leads to a registered road. The village centre and Mitsero are a short drive away, and the motorway network is a drive further on. The sale is a 1/2 share of the field, and a distribution agreement allocates this share to a defined part of the land. This is a countryside field with both residential and agricultural zoning.
