For Sale : **€ 125,000**

Description
Village life in Astromeritis unfolds close to this large field. Cafés, restaurants and everyday shops are within walking distance, and neighbouring Peristerona is a short drive away. Homes stand among open, undeveloped parcels in the immediate area, giving it a settled residential character while the landscape still feels open.

The field covers 7,693 m² and lies in a residential zone, with room for a home of up to two floors. Picture a house rising here, with a morning coffee in the village only a short walk away and the open parcels nearby lending a sense of space.

The land has no direct road access. A distribution agreement is in place. The sale is for a 1/2 share of the field.

A sizeable stretch of residential land in an authentic Nicosia district village, with the cafés and shops of daily life close at hand.
