For Sale : **€ 140,000**

Description
Close to Agia Paraskevi church, in the heart of Lakatameia, this field sits in an established suburb where homes and local businesses stand side by side. Cafés and shops are within walking distance, so the small pleasures of everyday life are never far from the edge of the land.

The field covers 4,391 m² of residential land and fronts roads on two of its sides, giving it direct road access. Its zoning points to a home, with up to two floors allowed, and there is room to shape a plan around the way you want to live in this part of Nicosia.

Picture a family home taking shape here, mornings that begin with a stroll for coffee and bread, and evenings spent close to the familiar life of the neighbourhood. The town centre is a short drive away when you need more, yet the setting keeps its local, suburban feel.

The sale is of a 1/4 share of the field.

A residential setting by the church, with the comforts of Lakatameia close at hand and room for a home of your own.
