For Sale : **€ 123,000**

Description
Just beyond the edge of Marathounta, this field lies in a residential setting where homes stand alongside open parcels of land. Village life sits close at hand, and the wider Paphos district is never far away.

Zoned for residential use, the land offers room for a home of up to two floors. Picture shaping a family house here, with the village a short distance away and neighbouring Armou a short drive off. Everyday needs are a short drive away too: shops, cafés, a school including The International School Of Paphos, and Paphos General Hospital.

The land has no direct road access and relies on a right of way. The sale is of a 1/2 share of the field.

A sizeable piece of residential land on the doorstep of Marathounta, with a home in a welcoming village setting waiting to take shape.
