**Description**
A short drive from the heart of Pissouri village, this residential plot sits among homes and open parcels of land. It is a setting where a new home can take shape on your own terms, with village life never far away.

The land measures 743 m² and is zoned for residential use, with room for a home of up to two floors. It fronts a registered road, so it has direct road access, and it is served by water, electricity and telecommunication services.

Imagine settling into a home designed around the way you want to live, with the village centre's cafés and daily errands close at hand. Paphos International Airport lies about 15 km away, which keeps arrivals and departures straightforward.

With its road frontage, its services and its residential setting near the village, this is a ready canvas for a home of your own design in Pissouri.
