

For Sale, Land, Field, Famagusta, Paralimni

Paralimni's everyday life sits close to this sizeable field....

For Sale : **€ 120,000**

Description
Paralimni's everyday life sits close to this sizeable field. Supermarkets and shops are within walking distance, and the calm of Paralimni Lake is a short drive away, so errands and open green surroundings are both close at hand.

The land lies in a residential zone, which allows room for a home of up to two floors. The whole field covers 7,332 m², and the parcels around it are still undeveloped, giving the setting an open, unhurried feel. Animal husbandry facilities currently stand on the field.

Picture a future home rising here, with the shops of Paralimni a stroll away and the village of Kapparis within easy reach by car. It is an uncomplicated setting, with town comforts nearby.

The field has no direct road access. The sale is of a 1/2 share of the field. What stays in the mind is the balance it offers: residential land with open surroundings and the conveniences of Paralimni close by.
