Description
Just outside Psathi village in the Paphos district, two adjoining fields together cover 5,686 m² and have direct road access. The larger parcel, 3,813 m², is agricultural land for farming or planting. The second parcel, 1,873 m², lies in a residential zone and offers room for a home of up to two floors.

The surrounding area is a mix of homes, farmland and open plots. The villages of Agios Dimitrianos and Thrinia are a short drive away, and the Limassol - Paphos Motorway can be reached by car. Together, the two fields make a sizeable holding of farmland with a residential parcel alongside.
