For Sale : **€ 117,000**

Description
A short way from the heart of Psimolofou, this residential field sits among family homes and open parcels of land, in a village with easy access towards Nicosia. It is a setting where village life and the capital both stay within comfortable reach.

The land measures 2,137 m² and has direct road access along one border. Its residential zoning gives room for a home of up to two floors, on a sizeable plot where you can shape a house around the way you want to live.

Picture mornings that begin in the village rather than in the city, with schools and supermarkets a short drive away and the village centre close at hand. Days can move at their own pace here, with Nicosia near enough for work and errands.

It offers a large residential plot close to the centre of Psimolofou, ready for you to imagine the home you would build on it.
