For Sale : **€ 97,250**

Description
Pissouri's village centre, with its cafés, restaurants and shops, is a short drive away, and Columbia Beach Resort is also within easy reach. Set among homes and undeveloped parcels of land, this residential plot of 748 m² offers the space to build a home of your own in a setting shaped by village life.

The land fronts a road, giving it direct road access, and water, electricity and telecommunication services are available. The residential zoning allows a home of up to two floors, so the layout, materials and finish can follow the way you want to live, from the first sketch to the final detail.

Picture days that begin with a coffee in the village and drift towards the resort in the afternoon, with Paphos International Airport about 15 km away for journeys further afield.

A residential plot with road access and services at hand, close to the everyday pleasures of Pissouri.
