For Sale : **€ 96,000**

Description
Geri wraps this field in a residential setting, where new homes and open parcels sit side by side and the village's cafés and restaurants are within walking distance. Latsia is a short drive away, and the life of the wider Nicosia area is never far off.

The land lies in a residential zone, so its plain use is a home, with up to three floors allowed. Picture the neighbourhood around it: houses rising among undeveloped plots, giving the area the feel of a place still taking shape, with room for a home of its own among them.

There are practical points to weigh. The land has no direct road access. The sale is a 1/2 share of the field, and no distribution agreement is in place.

For those drawn to village life within reach of the capital, this is a residential field in a growing corner of Geri, with cafés and restaurants just a stroll from its surroundings.
