For Sale : **€ 96,000**

Description
Pissouri sets the scene here: a residential plot a short drive from the village centre, where a coffee in one of its cafés can easily become part of the everyday rhythm. It is a village setting with its own pace, and a place to build a life around it.

The land covers 739 m² and sits among homes and parcels not yet built on. It has direct road access, and water, electricity and telecommunication services are already in place. Its residential zoning leaves room for a home of up to two floors.

Picture shaping that home from the very first sketch: the layout, the rooms and the way the house meets the land are yours to decide. Paphos International Airport lies about 15 km away, so trips abroad and visits from friends are easy to arrange.

A sizeable piece of land close to the heart of Pissouri, waiting for the home you have in mind.
