Description
Klirou's village centre lies a short drive from this residential field, set where homes sit alongside open parcels of land. It is a setting with a village pace, and the nature spot of Perátis is a short drive away for walks among the landscape. Tamasos Lake makes a pleasant outing further afield.

At 1,978 m², the field is sizeable and offers room for a home of up to two floors, in keeping with its residential zoning. Picture a house taking shape here, with neighbouring homes around it and open land still nearby. The village of Kalo Chorio Oreinis is also a short drive off.

The land has no direct road access of its own and is reached by a registered right of way.

For anyone drawn to Klirou, this field offers a simple, honest starting point: generous land in a residential setting, close to the village and its everyday life, with nature never far away.
