Paphos, this...

For Sale : **€ 95,000**

Description
Just outside the centre of Drouseia village in Paphos, this 3,011 m² field lies close to the main road out of the village, among undeveloped parcels and scattered homes. It has direct road access along one border, and the ground slopes across an irregular outline.

The land falls within a touristic zone, which allows tourist use or a home of up to two floors. Water, electricity and telecommunications have the potential to be connected. The villages of Ineia and Kritou Tera are a short drive away. This is sloping land with its own road frontage, a short distance from the heart of the village.
