For Sale : **€ 95,000**

Description
In the village of Pera, among family homes and open parcels of land, this residential plot offers room for a home of your own. The village centre is a short drive away, and so are the still waters of Tamasos Lake, a lovely place for a weekend outing.

The land is regular in shape with an even surface, a simple and honest starting point that leaves you free to choose the layout, materials and finish. It has direct road access along its frontage, and water, electricity and telecommunication services are available. The residential zoning allows a home of up to two floors, enough for a family house with an upper level.

Picture a home designed around the way you live, with village life around you and the lake close by. The neighbouring villages of Politiko and Episkopeio are also a short drive away. Here, the groundwork for your future home is already in place.
