For Sale : **€ 80,000**

Description
Pissouri's village life is never far from this residential plot. Its surroundings mix established homes with open parcels of land, and cafés, shops and the village centre are all a short drive away.

At 713 m², the land offers room for a home of up to two floors, shaped around your own plans. Imagine planning where the living spaces will sit and how the house will meet the street. The plot fronts a road, so it has direct road access, and water, electricity and telecommunication services are already in place. The essentials are covered from the start.

Beyond the village, easy access to the Limassol–Paphos motorway keeps the wider district within comfortable reach. Days can centre on Pissouri, with the rest of the area open whenever you want it.

A well-served plot in a residential setting, waiting for the home you have in mind.
