

For Sale, Land, Plot, Famagusta, Paralimni, 520m²

Paralimni Lake is the neighbour here. This residential plot...

For Sale : **€ 77,000**

Description
Paralimni Lake is the neighbour here. This residential plot sits right beside it, in a part of town where homes stand among parcels of land still waiting for their turn. It is a setting with a natural spot at its edge and the everyday life of Paralimni all around. The land covers 520 m² and is zoned for residential use, giving room for a home of up to two floors. Starting from bare ground means the choices are yours: the layout, the materials and the finish, all shaped around the way you want to live. The plot has direct road access along its frontage. Everyday needs are close by, with the town centre a short drive away, and nearby Deryneia within easy reach for a change of scene. Picture mornings that begin with a walk by the water and evenings in a home you planned yourself. Here, a house by the lake can take shape entirely on your own terms.
