For Sale : **€ 78,000**

Description
Kathikas sets the tone here. Its village centre, with cafés, restaurants and everyday shops, lies within walking distance, and the beaches around Coral Bay are a drive away. This residential plot of 625 m² sits among homes and open parcels of land, part of a growing village neighbourhood.

The land is zoned for residential use and offers room for a home of up to two floors. It has direct road access along one side.

Picture a morning that begins with a stroll into the village for coffee, with a pause at the Panagia Evangelistria Church on the way back. Later in the day, the drive down to the coast for an afternoon by the sea. Nearby towns such as Peyia are a short drive off, and Paphos International Airport is about 20 km away, convenient for travel to and from the island.

A place to build your own home, with the life of Kathikas just a walk away.
