Description
Among farmland and open, undeveloped parcels outside Klirou, in the Nicosia district, this agricultural field covers 10,034 m². Its agricultural zoning suits farming and planting. The surrounding land is given over to the same quiet rural use.

A dirt road runs along one border, giving the land direct road access. The village centre of Klirou is a short drive away, as are the neighbouring villages of Malounta and Politiko. The main roads, including the Lefkosia South Orbital Motorway, are a drive away. The result is a sizeable field with its own road frontage in an agricultural part of the district.
