Description
Village life in Pano Pyrgos sets the tone here. This residential field lies a short drive from the village centre, in a neighbourhood of homes and open parcels of land.

At 2,342 m², the land gives you generous scope to shape a home around your own plans. Its residential zoning allows a house of up to two floors, so you can picture a family home with plenty of land around it. Registered footpaths run along several of its borders.

Owning land here means settling into the rhythm of a Nicosia district village. The centre is close by for everyday errands. A drive away, Gialia Monastery adds a touch of local heritage to weekend outings.

A sizeable piece of residential land in a village setting, ready for the home you have in mind and well worth a visit.
