Description
On the edge of Kallepeia in the Paphos district, this agricultural field covers 6,606 m² of smooth ground in an irregular shape. A long frontage onto the road gives the land direct road access. Water, electricity and telecommunications could potentially be brought to it. The surrounding area is a mix of undeveloped plots and scattered homes. The village centre is a short drive away, as are the neighbouring villages of Letymvou and Tsada, and the main roads and the motorway are a drive away. This is a sizeable, smooth-surfaced field with its own road frontage, zoned for farming.
