Description
A short walk from the centre of Klirou, this residential field lets you picture a home rooted in village life. Schools and local public offices are within walking distance, so the school run and everyday errands can stay close to home, at an easy village pace.

The land covers 1,168 m² in a residential zone, with room for a home of up to two floors. It has direct road access along its frontage. Around it, homes sit beside undeveloped plots, giving the area a settled residential character.

When the weekend comes, the nature spot of Perátis is a short drive away, a pleasant pull towards the outdoors without leaving the village behind for long.

A plot with a home in mind, close to the heart of Klirou and within reach of nature.
