For Sale : **€ 72,500**

Description
On the edge of Pera, a short way from the village itself, a residential plot of 592 m² waits for a home planned from the ground up. Houses and open parcels of land share the surrounding area, giving it a settled residential character while it is still taking shape.

The residential zoning allows a home of up to two floors, so there is room to design something that suits the way you want to live. The plot has direct road access along its boundary.

Everyday life stays within easy reach. The village centre is a short drive away, and Tamasos Lake is close by too, for unhurried afternoons outdoors and a gentler pace away from the city.

A home of your own design, near village life and the lake: that is what this piece of Pera holds.
