Description
The sea is only a short way from this residential field in Kato Pyrgos, which sits close to the village primary school. Shops, restaurants and cafés are all within walking distance. Open parcels of land lie alongside several homes here, so the area has a settled residential feel, with space around it and nature close at hand.

The land covers 2,148 m² and lies in a residential zone, with room for a home of up to two floors. Picture mornings that start with a stroll to a village café and evenings when the shore is close enough to reach on foot. Life here moves at an unhurried pace, far from the rush of the city.

The land has no direct road access.

A residential plot in a seaside village, with daily needs close by and the coast a short walk away. Kato Pyrgos offers a simple, inviting setting for a home of your own.
